- 22. Volume Keys:** Allows you to adjust the master volume or the earpiece volume during a call.
- 23. Voice Recorder Key:** Press to launch Voice Recorder from the home screen.

Getting Started

Installing the Battery

1. Remove the battery cover by pressing downward and sliding it off.

2. Align the battery contacts with the phone terminal and press until you hear a “click”.

Align the battery cover over the battery compartment and slide it upward until it clicks into place.

Installing the microSD Card

Your phone supports microSD card up to 16 GB. You can store music, pictures, and other files on the microSD card.

Note: microSD logo  is a trademark of the SD Card Association.

1. Position the microSD card with the metal contacts facing down and slide it into place until it is fully inserted and locked in place.

2. Replace the battery cover.

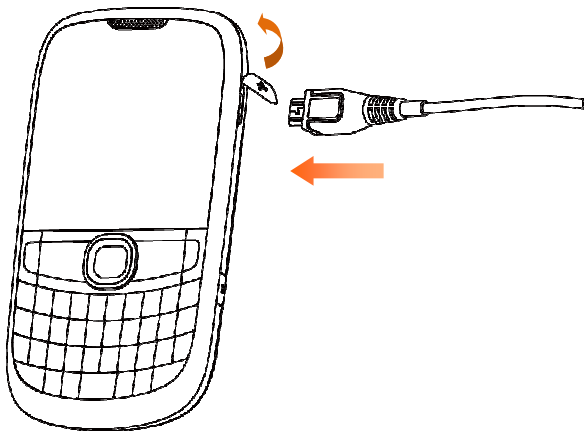

Charging the Battery

Your device comes with a wall adapter and a USB cable which connect together to charge your phone. To charge your phone:

1. Connect the USB cable to the wall adapter.

2. Plug the USB cable (as shown below) into the phone's Charger/Accessory Port.

3. Plug the wall adapter into a power outlet.

Warning: Please use only an approved charging accessory to charge your device. Improper handling of the charging port, as well as the use of an incompatible charger, may cause damage to your device and void the warranty.

When not using the battery for a long time, remove it from the phone and store in a cool dry place.

Powering On/Off Your Phone

It's important to fully charge the battery before turning on your phone. To power on/off the phone, press and hold the **End/Power Key**.
