2 GETTING STARTED WITH YOUR MUSIC PLAYER

1. Install the Rogers PC Media Player

Visit www.rogers.com/musicstore, download the Rogers PC Media Player, and install it on your computer.

2. Put music on your computer

To import music from your CDs into the Rogers PC Media Player

1. Put a CD into your computer
2. Launch the Rogers PC Media Player
3. Select "Import" under "CD"
4. Select/Deselect songs, choose the file type (eg. MP3), and select the "Import" button

Your Nokia 5300 is ready to rock right out of the box. Take a look at how easy it is to transfer your music from your computer to your phone. See the CD-ROM included for more info.

1. Connect your Nokia 5300 to your PC with the USB data cable (fig. 2.1).
2. Select **OK** to confirm USB connection. (☐)
3. Select **Data Storage*** on the Nokia 5300. (☐)
Your phone is now connected to your PC as a mass storage memory device ("removable disk").
4. Using Windows Explorer on your computer, find the music files you wish to transfer to your phone (usually in **My Music**) and "drag and drop" them to the folder named **Music** of the 5300.
5. Once the transfer is complete, select **Quit** from your Nokia 5300 (☐), and unplug the USB cable from the devices.
6. Enjoy your music!

Nokia USB Data Cable (DKE-2)

* For Win DRM protected media, select Print and Media.

3 PLAY YOUR MUSIC

THE NOKIA 5300 MAKES IT EASY TO ENJOY YOUR FAVORITE TUNES

1. To view your music library, from the Start screen, select **Music**. ()
2. To immediately start playing your tracks, press the scroll key. ()
3. To play specific songs or a playlist, select **Options**. ()
4. Select **Library**. () ()
5. Select **Artists, Albums, New songs, Genres, or All songs**.

TIP! You can receive calls even when you are listening to your music.

When your phone rings, the music automatically pauses. To restart the music after the call, just press the scroll key ().

Tune in the FM radio to your favorite local stations (compatible headset required).

1. Press the Activate Radio button () on the left side of the phone to activate the radio.
2. To scroll to the desired frequency, press Scan up () or Scan Down ().
3. To adjust the volume, press the volume key.

USING HEADPHONES

The included adapter lets you listen to music with any headphones that have a standard 3.5 mm jack.

NOTE: While using standard headphones, use the phone's microphone to talk on the phone.

TIP! Consult your user guide to learn more about these advanced features.

4 CAPTURE THE FUN

The Nokia 5300 also comes with a 1.3 megapixel (240 x 320 pixels) camera that allows you to take high quality images and share them with your friends. You can even zoom in up to eight times!

TAKE A PICTURE

1. From the Start screen, press the **Camera** key on the side of your phone. ()
2. Use the volume keys located on the side of the phone to zoom in and out (+) (-).
3. To take a picture, press the **Camera** key. ()

MAKE A VIDEO

1. From the Start screen, press the **Camera** key on the side of your phone. ()
2. With the phone in horizontal position, press **Options > Video**. () ()
3. To start recording, press the **Camera** key. ()
4. To stop recording, select **Stop**. ()

TIP! The camera in your Nokia 5300 also has a self timer and self-portrait mirror next to the camera lens. Press the **Camera** key () > **Options** () to explore the fun features of your phone!
